

Maciej Urbanek

Web Developer

📍 Cracow, Lesser Poland District, Poland, PL | 📞 +48 793 257 782 | ✉️ urbanek.mf@gmail.com
🌐 maciejurbanek.website

I love to create concise and neat code that is simple yet flexible. It is my personal goal to keep expanding knowledge in area of software development. I am absolutely passionate about new technologies that allow developers to be more productive in their work.

WORK HISTORY

01.2022 - TILL NOW

Software Engineering Expert

[Codewise](#)

Main responsibilities:

- maintaining existing product (Volum Tracker)
- mentoring new developers
- sharing knowledge with other team members
- technical recruitment

01.2020 - 12.2021

Senior Engineer

[Motorola Solutions](#)

Main responsibilities:

- writing frontend logic (Angular 2+, TypeScript)
- driving code sharing initiative (libraries shared across multiple components/projects)
- sharing knowledge with other team members (pair programming, code review)

05.2018 - 12.2019

Senior Software Engineer

[Motorola Solutions](#)

Main responsibilities:

- designing and implementing CI/CD approach in multiple projects
- collaboration with security and cloud team to setup proper architecture for application deployment
- writing frontend logic (Angular 2+, TypeScript)
- creating RESTful APIs using Node.js and Express
- managing and maintaining Jenkins instances (dockerized)

05.2017 - 04.2018

Software Engineer

[Motorola Solutions](#)

Main responsibilities:

- designing and implementing CI/CD approach in multiple projects
- building internal tools for automation purpose
- utilizing AWS - lambdas, API Gateway, S3, EC2
- writing frontend logic (React/Redux, Vue.js, Angular 5)
- creating RESTful APIs using Node.js and Express

02.2017 - 04.2017

Software Developer

[Motorola Solutions](#)

Main responsibilities:

- building internal tools for automation purposes (in both frontend and backend)
- implementing Continuous Delivery approach
- configuring and managing environments of Node.js server

07.2016 - 01.2017

Junior Software Developer

Motorola Solutions

Main responsibilities:

- creating React components (both presentational and containers)
- designing Redux store
- utilizing AngularJS to improve functionality of application in production state
- writing and maintaining Jenkins jobs and build scripts

09.2014 - 11.2015

Full Stack Developer

Sizeof (Bravelab)

Main responsibilities:

- implementing server-side logic for various systems such as online stores and booking sites (Python/Django, PostgreSQL)
- integrating applications with other 3rd party systems using RESTful Web Services
- implementing web designs from PSD templates (mainly Bootstrap, LESS)
- programming client-side logic (JavaScript, AngularJS, RequireJS, Gulp)

EDUCATION

2016 - 2017

Master's degree

AGH University of Science and Technology

Computer Science. Graduated with honours, Final grade: very good

2012 - 2016

Engineer's degree

AGH University of Science and Technology

Computer Science. Graduated with honours, Final grade: very good

SKILLS

ABILITY TO LEARN NEW THINGS

I have an outstanding ability to learn new things. This can be proven by my university results. I was awarded the highest possible scholarship for great academic results four times in a row.

MODERN COMPONENT-BASED FRAMEWORKS

Two production-stage project in React+Redux. One internal project using Vue.js+Vuex. Multiple small-sized apps in Angular 5+

LINUX/BASH/TOOLING

I work on Linux on a daily basis using terminal and other typical tools supporting software development.

JAVASCRIPT/ECMASCRIPT

Five years of commercial experience in using JavaScript language. I used many libraries and frameworks. I am also familiar with npm as a package manager.

DEVOPS

Worked as a main person responsible for automation process and CI/CD approach.

GAME DEVELOPMENT

Experience in creating games gained during Game Jams as well as more time-consuming, small gaming side-projects.

PORTFOLIO

Projects and courses are available through the website: maciejurbanek.website

LANGUAGES

Polish

Mother tongue

English

Upper intermediate

I hereby agree for my personal data, included in my job application, to be processed in line with the needs of recruitment, in accordance with the Law on Personal Data Protection of 29 August 1997 (Law Gazette from 2002, No.101, heading 926, as amended).
